Dear Sir:

The Notice of Allowability mailed on February 19, 2008 failed to acknowledge a claim for foreign priority under 35 U.S.C. 119(a)-(d) or (f) made in the above-identified application. Such claim was made in the Declaration when filing the application. As this application is a national phase of an international application, Applicants assume that the certified copy of the priority documents was forwarded to USPTO by the International Bureau. However, if the USPTO did not receive the certified copy from the International Bureau, please inform the Applicants.

Acknowledge of the claim for foreign priority and the receipt of the certified copy is requested.
